

**12th Annual NCFAPA
Conference
Magical Moments
April 23 – 25, 2010
Charlotte, NC**

At any given time there are approximately 10,000 children in foster care in North Carolina. Most of the children have been victims of abuse and neglect and have special emotional, physical, and development needs.

The North Carolina Foster and Adoptive Parent Association (NCFAPA) is statewide association of foster, adoptive and kinship parents, child advocates and others who work together to support the safety, well-being, and permanency of North Carolina's children. We are a non-profit 501 (c) 3 organization funded primarily through membership dues and donations. We are dedicated to ensuring that every child receives exceptional care while in the foster care system, appropriate and effective services, and ultimately, a safe, permanent and loving home.

Each year, NCFAPA offers an annual training conference for North Carolina's foster, adoptive and kinship parents. This year's conference theme, "Magical Moments" will recognize the families who serve our most vulnerable children. The conference seeks to empower families with additional skills and information to assist them in the parenting and care of the children in their homes. Families are also given the opportunity to network with one another and provide support.

We are contacting you to ask for your financial support in taking a leadership role by sponsoring an event at this conference. This opportunity will enhance your company's recognition among the 500 members who will be attending the annual conference. Your tax-deductible sponsorship is critical to our success in these endeavors. If you are able to help, your organization will be acknowledged in the final conference brochure and throughout the conference.

SPONSORSHIP BENEFITS:

- Advertisement in the final NCFAPA conference brochure
- Free Exhibit Space on all three conference days
